# The World of Bespoke Chandeliers

## OUR COMPANY

Cryts Ltd was established in 2015 by a team with more than 30 years experience in the lighting industry.

### Our Team

**MR. LASZLO VARKONYI** is an Electrical Engineer and founder of CANDELA Lighting company, established in 1985.

Since its beginnings, CANDELA has been developing a range of lighting systems. The company also was awarded several lighting related patents, and has since produced luminaries based on these important patents.

In the last few years CANDELA has accomplished large public projects, including lighting in the Palace of Arts, Ludwig Museum, National Theatre, Hotel HILTON, Aréna Plaza, WestEnd City Center malls in Budapest, Balaton Congress Centre and Theatre, Rába Quelle, AQUAPALACE, St. Gotthard and GALERIUS Thermal spas, just to name a few.

**Ms GYÖNGYI BOKOR** is a product and interior designer working in the field of interior architecture, product and lighting design.

Gyöngyi, graduated from Brighton University (3D department) in the United Kingdom. In the last ten years she has participated in huge projects including building the new Hungarian National Theatre and the nearby concert and exhibition hall.

Additionally she worked on the Palace of Arts, and the offices Logmein Ltd, Nissan, Ernst & Young, as well as the new headquarters of PwC in the Eiffel Palace/Budapest. Moreover, during the past few years, she has also designed several private houses inclusive of home accessories, luminaries and small design object.

**MR. ATTILA KEGLOVICS** is a Mechanical Engineer who is working in several industries as both design engineer and product manager.

He was the mechanical designer for several big lighting projects including the decorative stretched foil giant luminaries in Kolcsey Conference Centre, a special lighting system allows the natural light into an underground station in Budapest.

He also managed many unique lamp and chandelier design projects in shopping malls, spas, theatres, conference centers.

# CUSTOM-MADE CHANDELIERS FOR YOUR SPECIFIC NEEDS

---

## COLLABORATION IS THE ENGINE OF OUR CUSTOM DESIGN PROCESS

---

Our design team works closely with You to develop the chandelier through understanding your vision and your project's unique success criteria.

Before your fixture goes into production, you'll understand exactly what your bespoke chandelier will look like, how much it will cost, and how long it will take to manufacture.

Your ideas  
-  
Our knowledge

NOT JUST LIGHTING

One of a kind design

Custom-made  
manufacturing

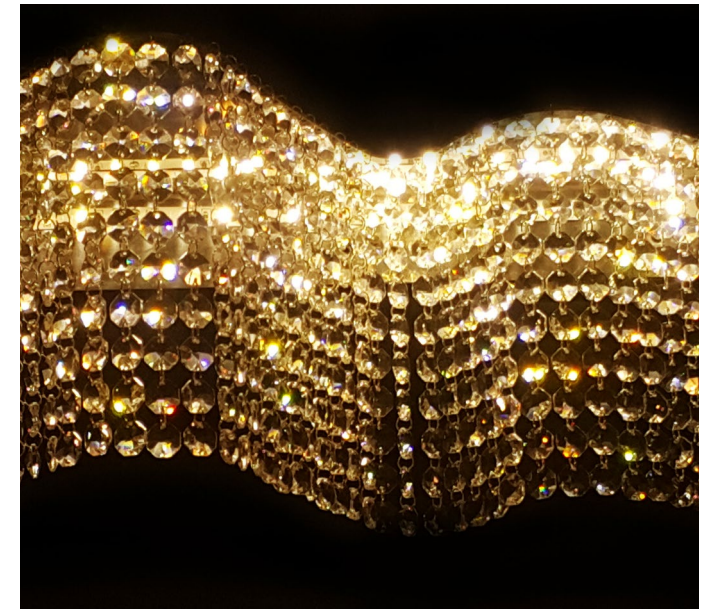

Wide range of crystals

# NOT JUST DESIGN

Impeccable technical  
standard

We use energy-saving LED  
light sources

Brightness control can also  
be ensured

# TOTAL FREEDOM

We can customize any chandelier and manufacture it in almost any size and style that you may like

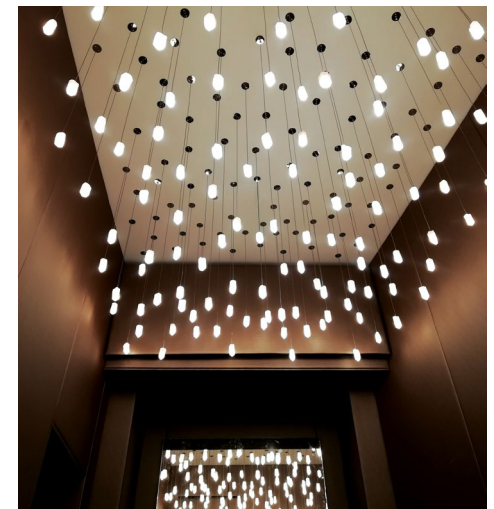

## THE REAL GLITTER

---

You can buy “crystal chandeliers” in a lot of places. However, what they call crystal is often simple plastic.

In our chandeliers, we use only genuine, highest quality, manual or machine-cut crystals
